

BUCCANEER

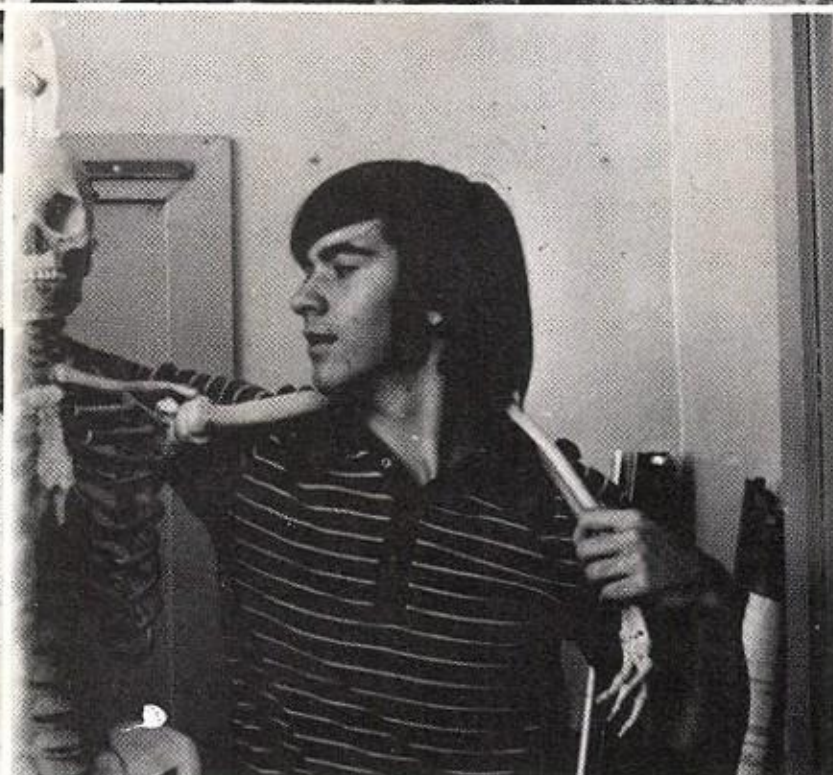

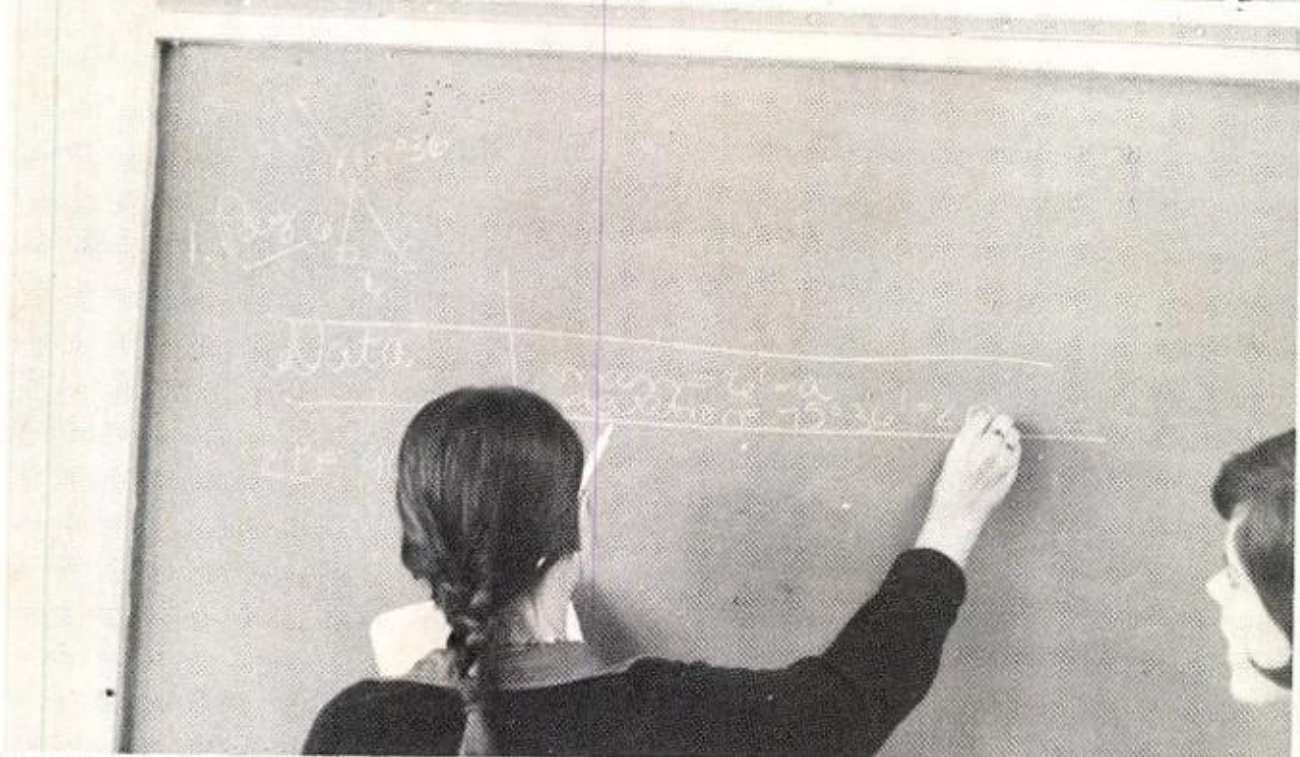

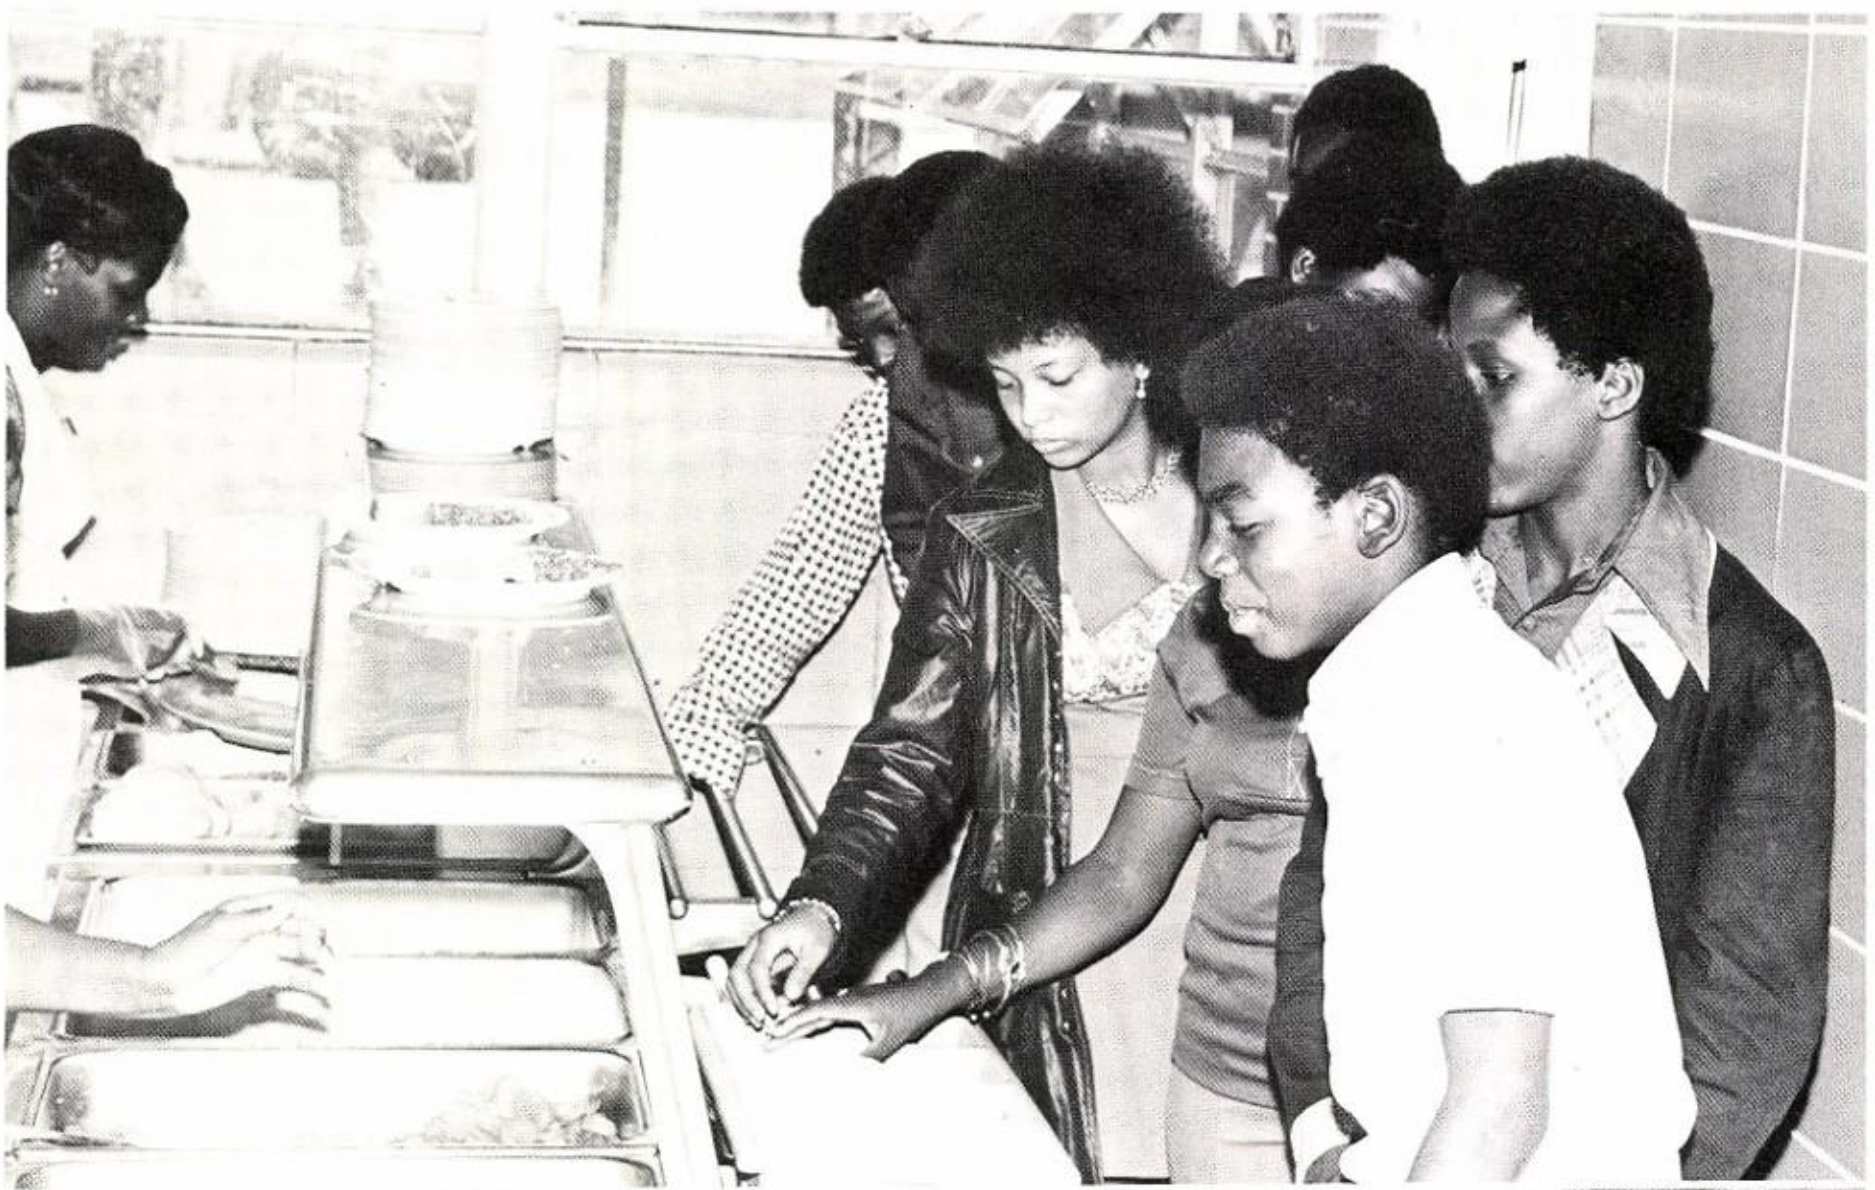

Plan of King George's Fort

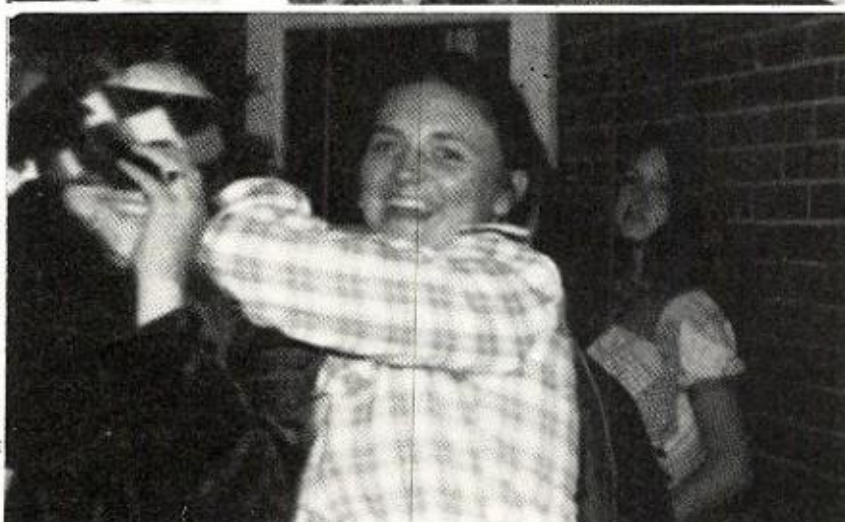

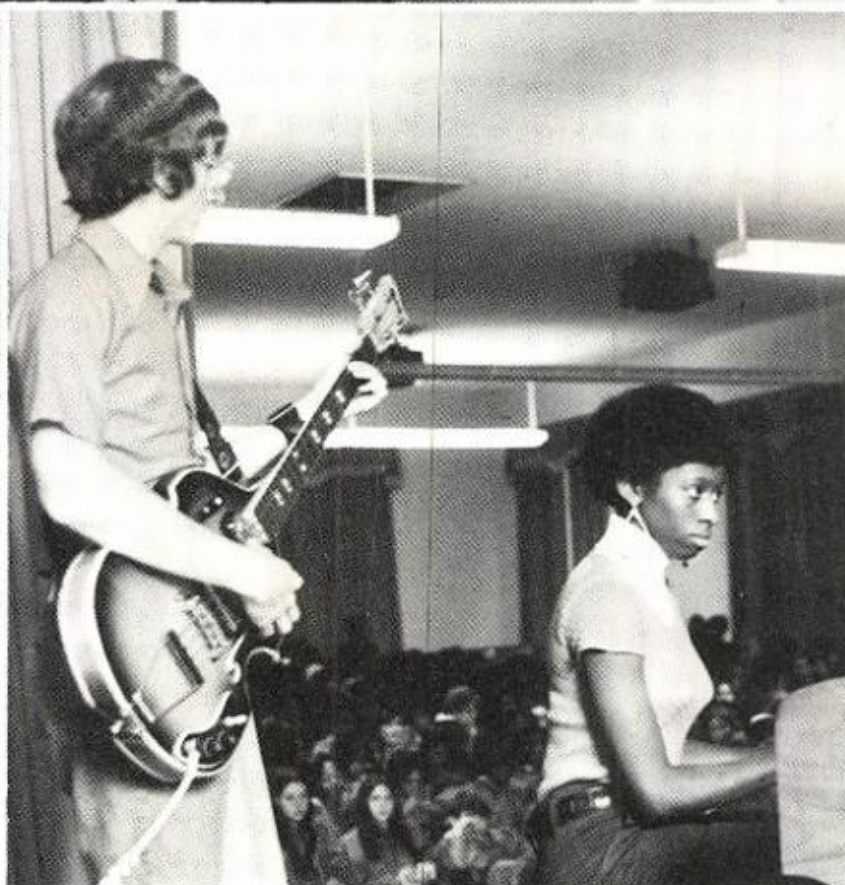

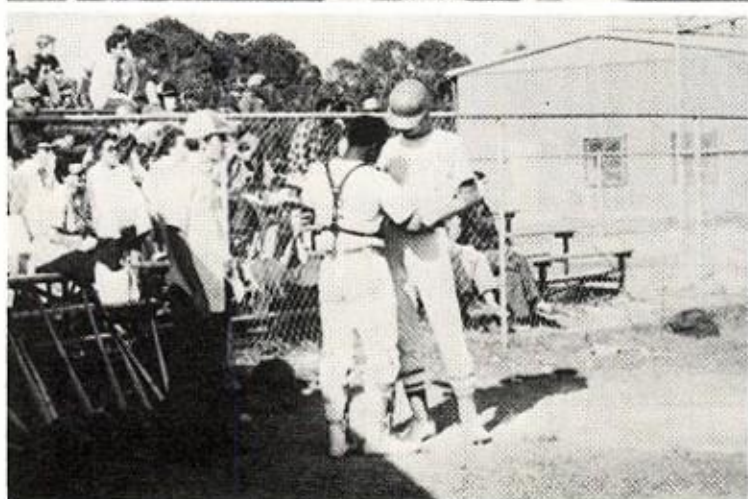

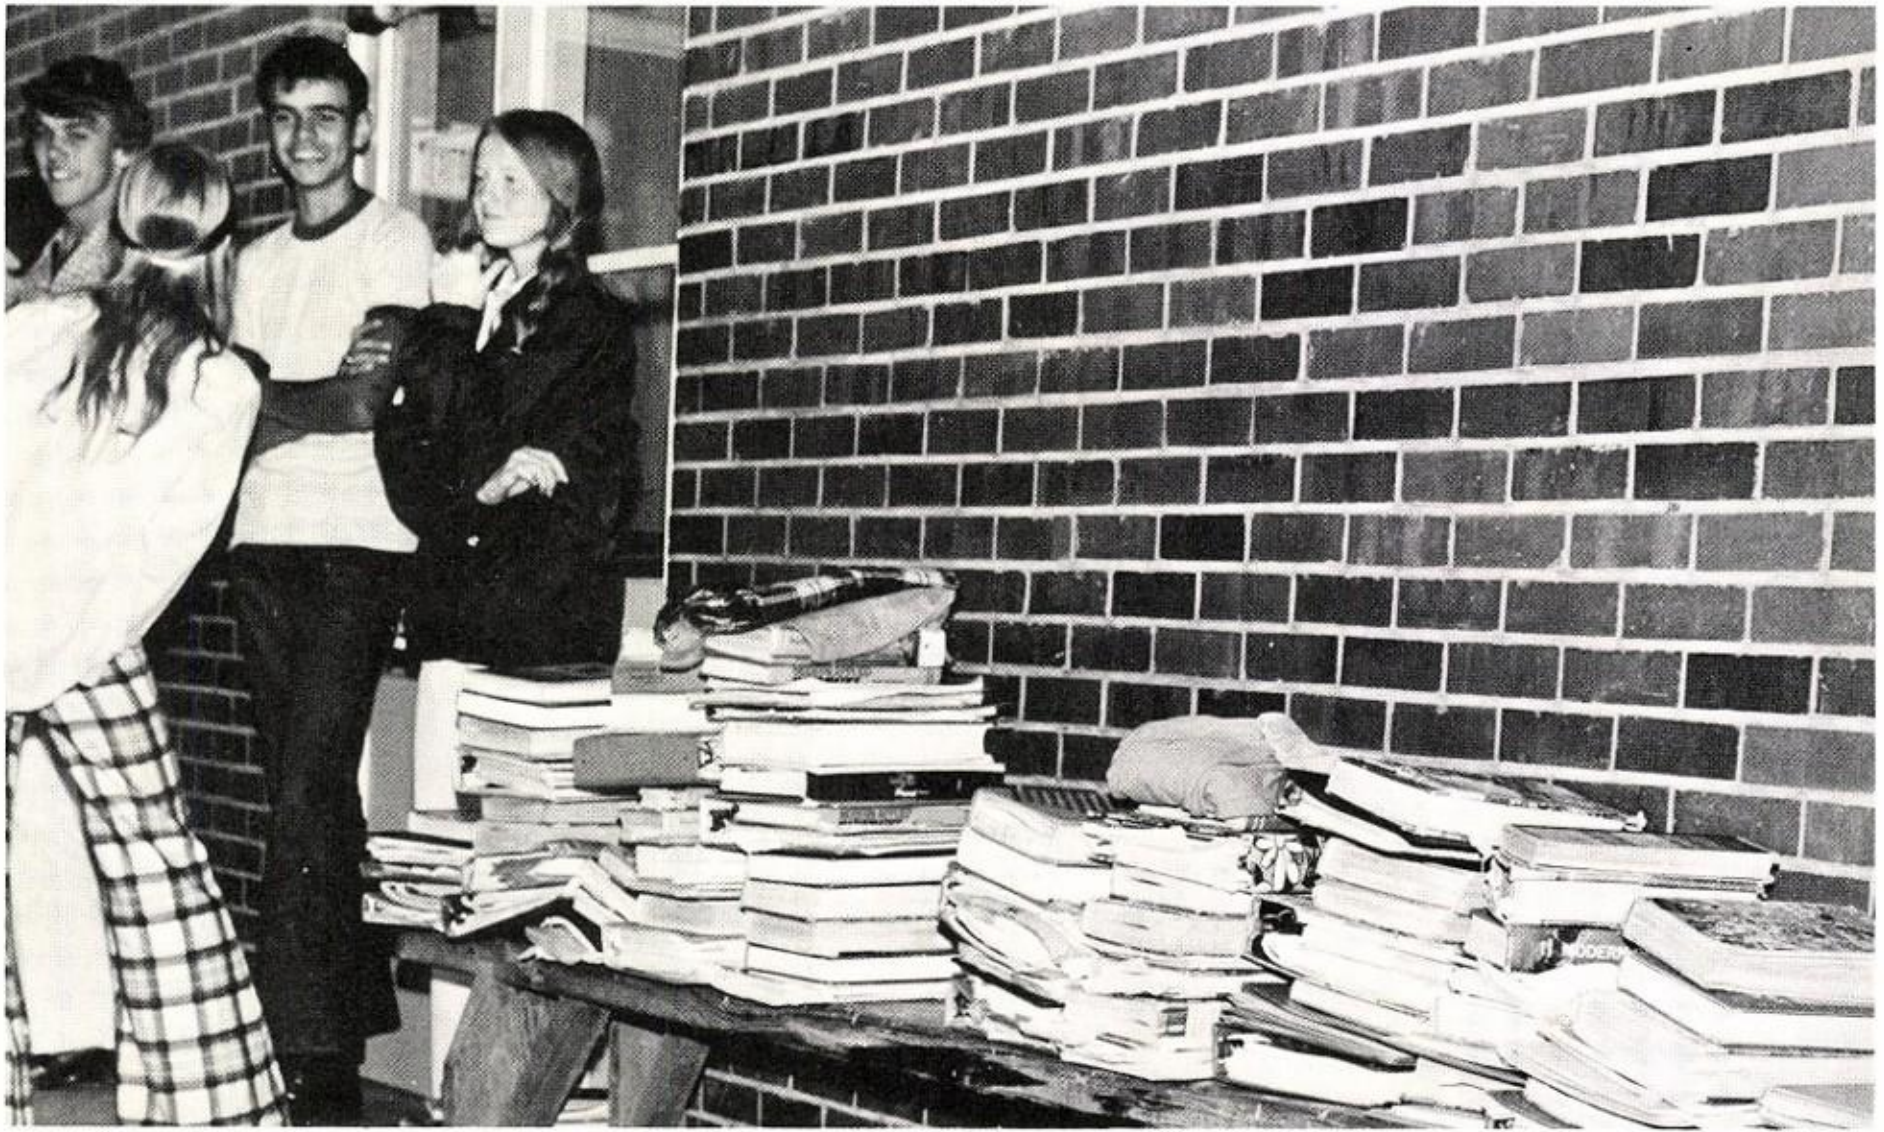

EDITOR: MAUREEN SCHMIDT

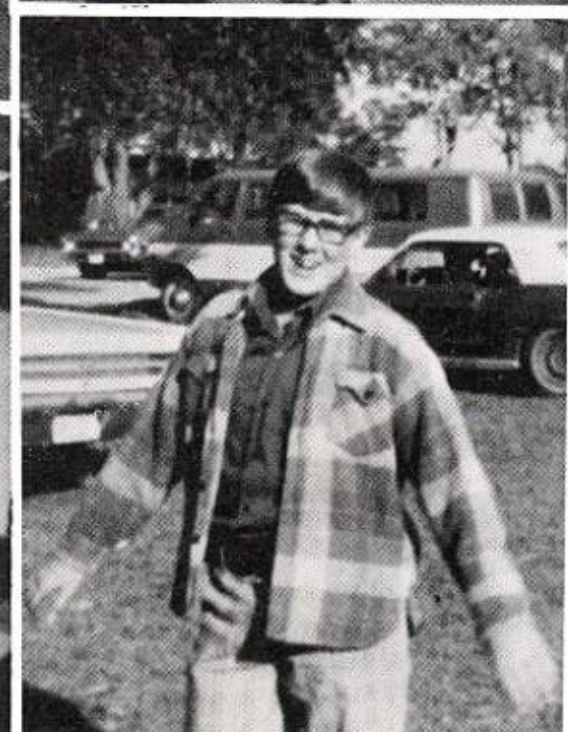

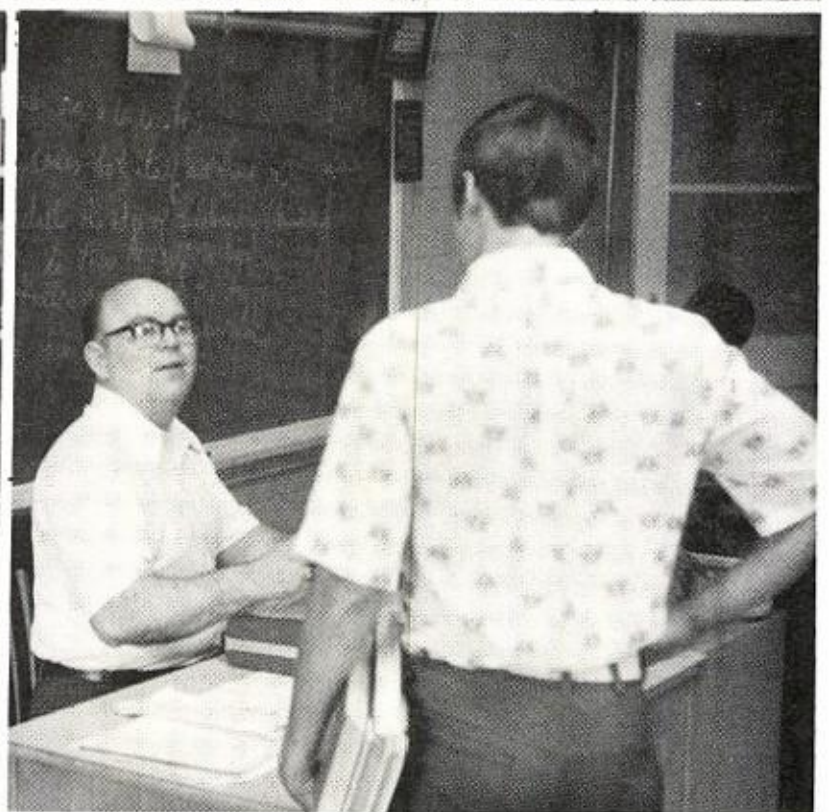

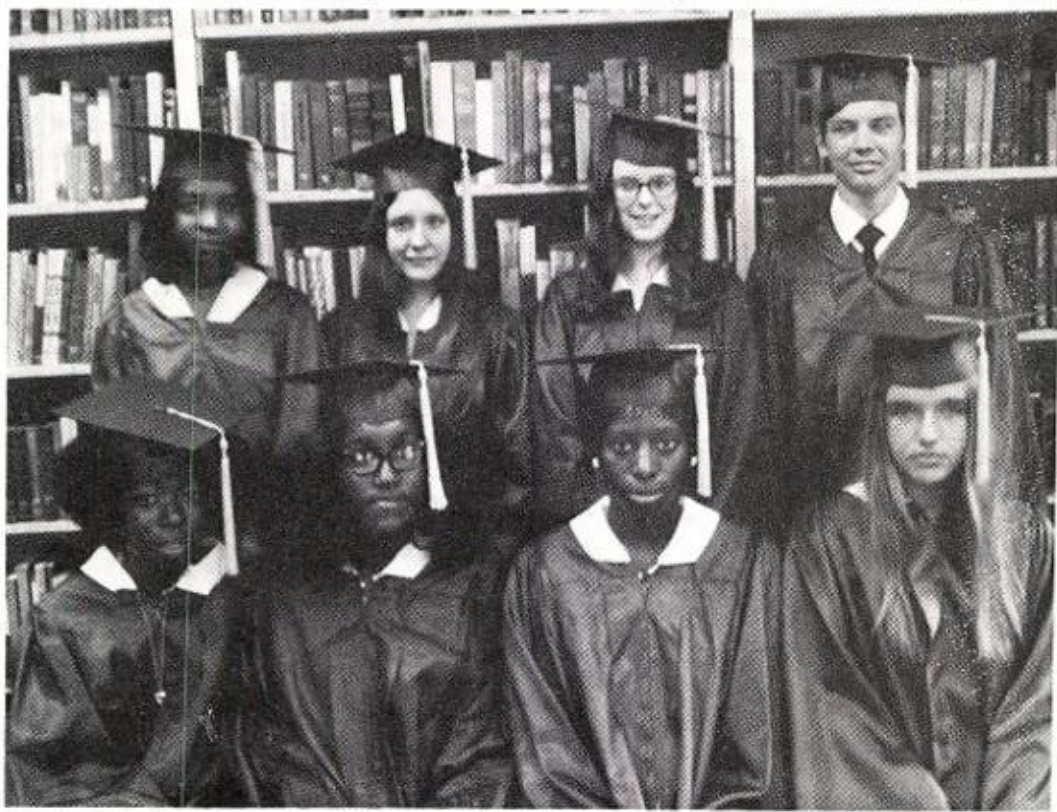

To the 1974 Buccaneer readers:

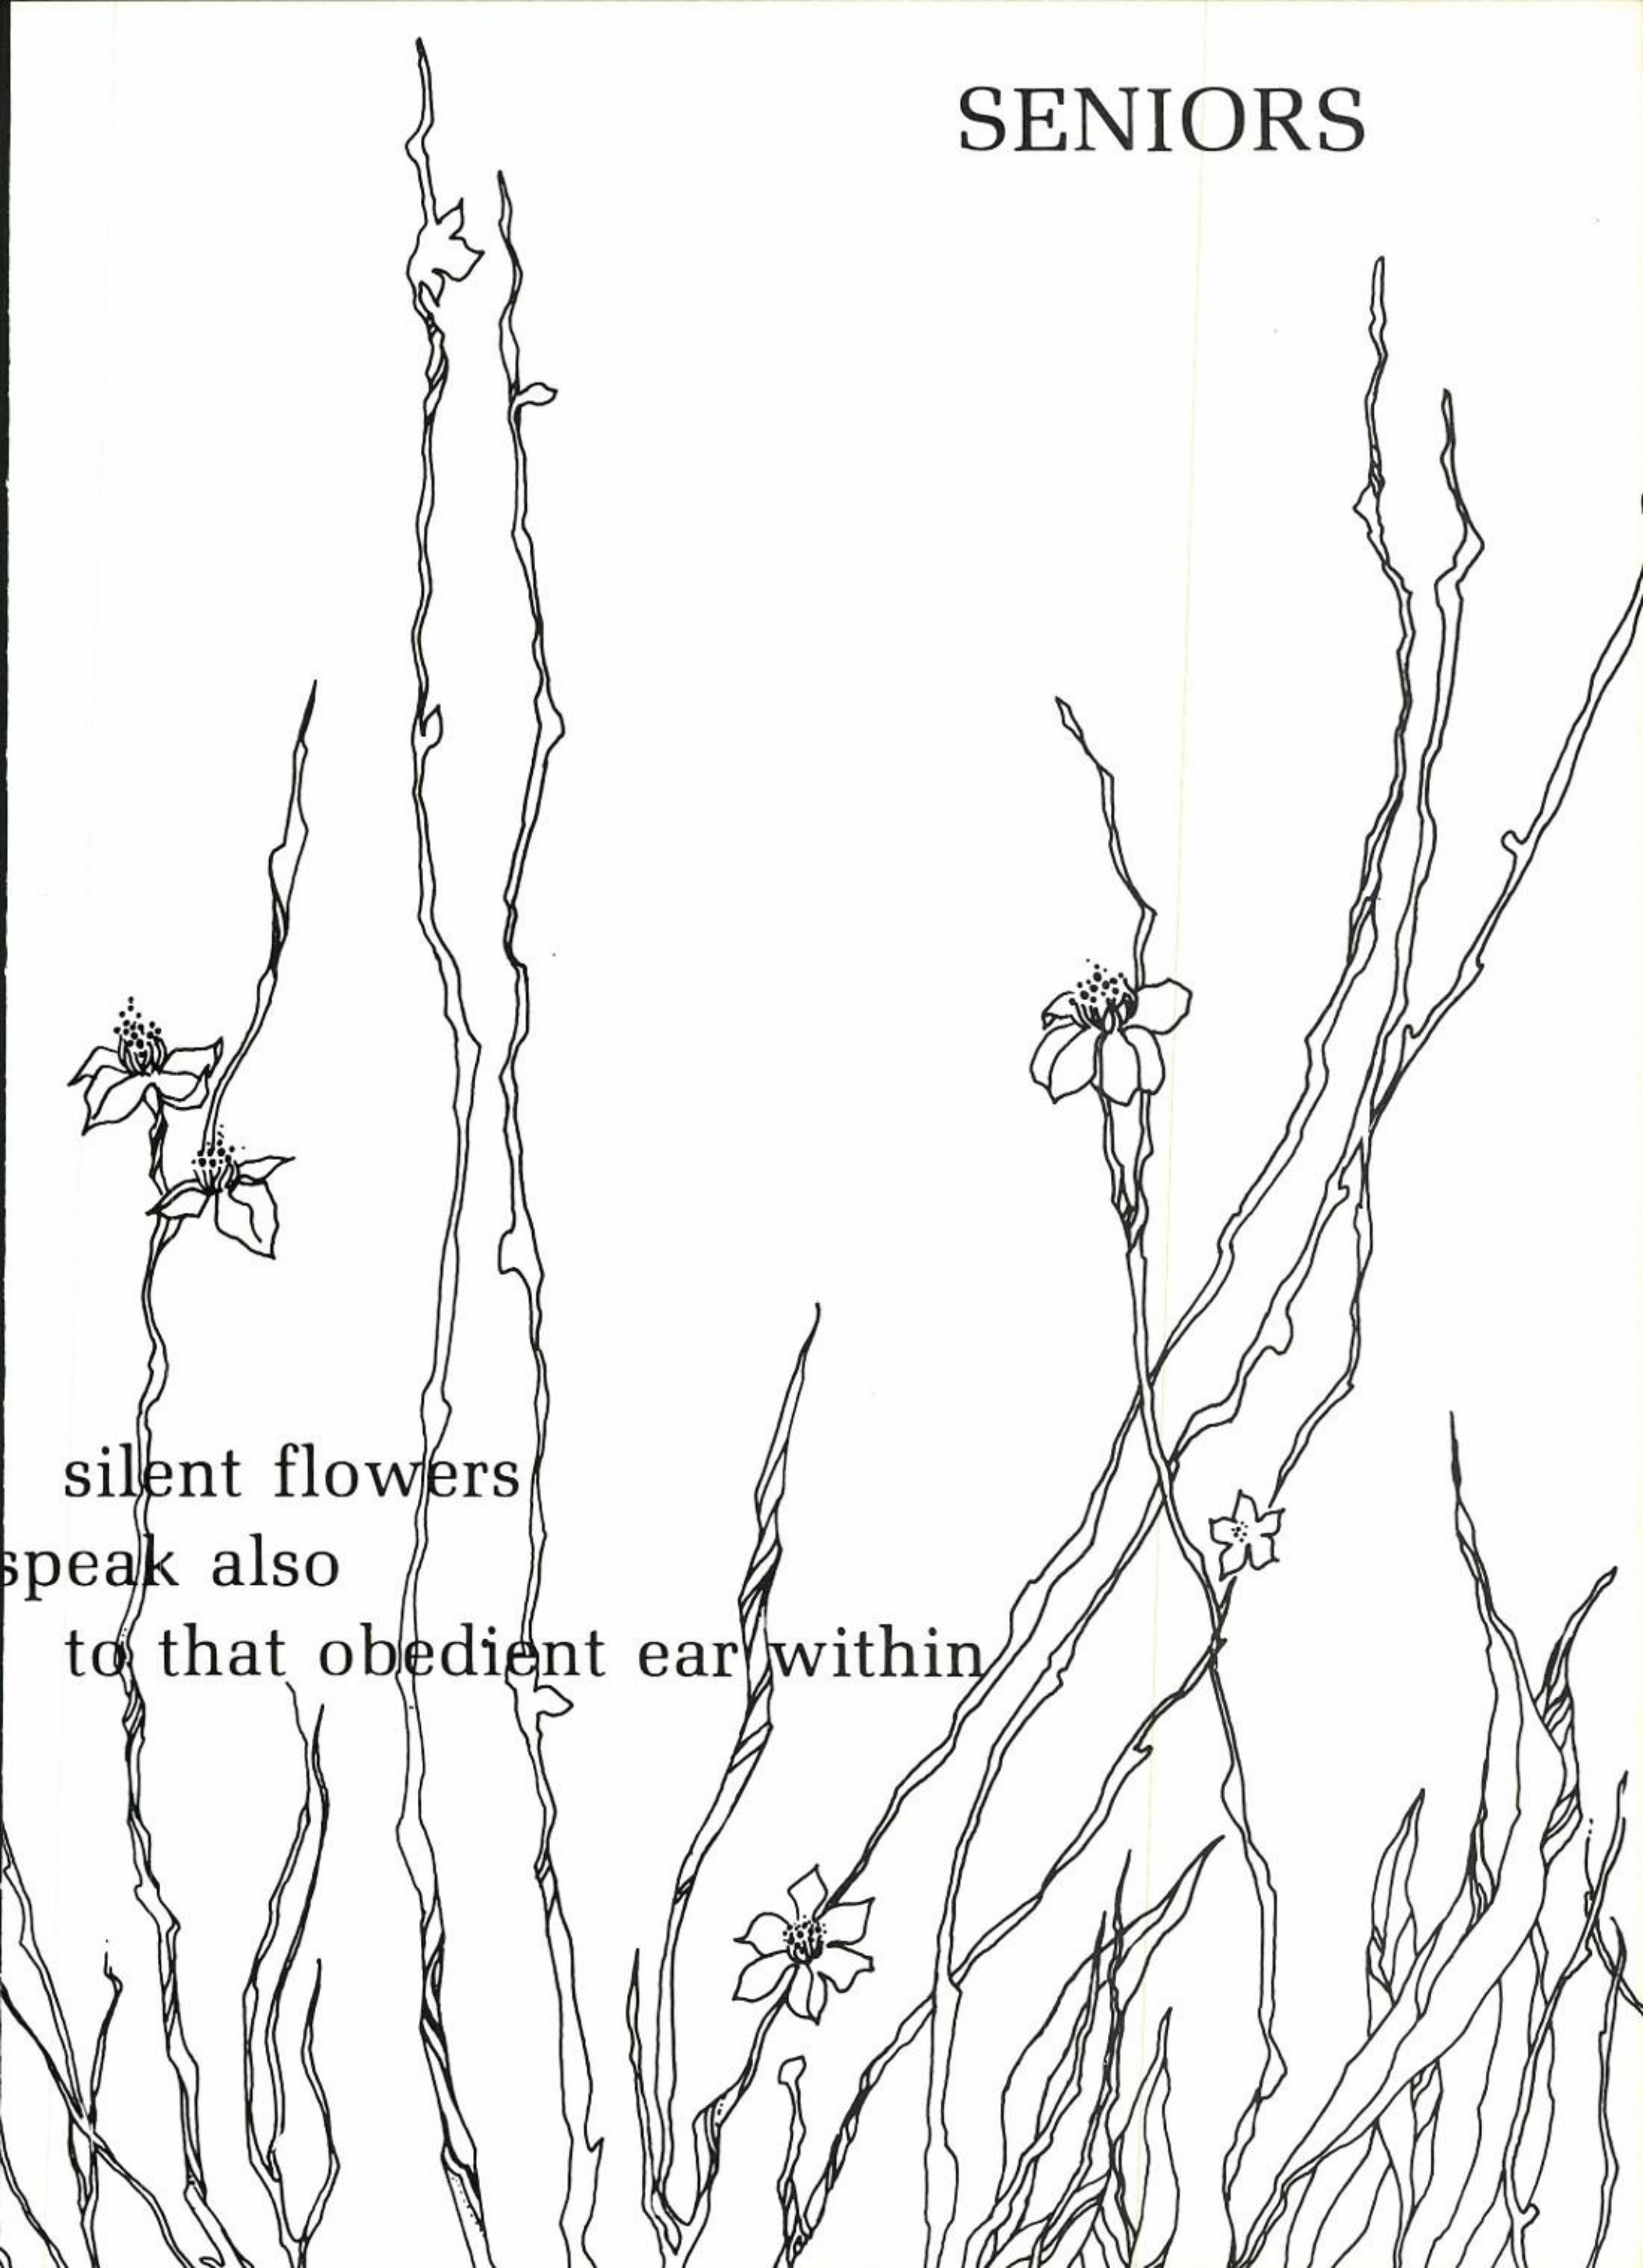

Well, the job is finally finished! The last of the layout pages are being rushed to the printers. In looking back on the school activities, the confusion and rush while meeting deadlines, the many pages of typing, the "cropping" of pictures, and the many decisions during the making of this annual, I find myself indebted to many people. I want to extend my thanks and gratitude to Mrs. Gale, Jack Orman, the annual staff, and the many other people who have made this annual possible.

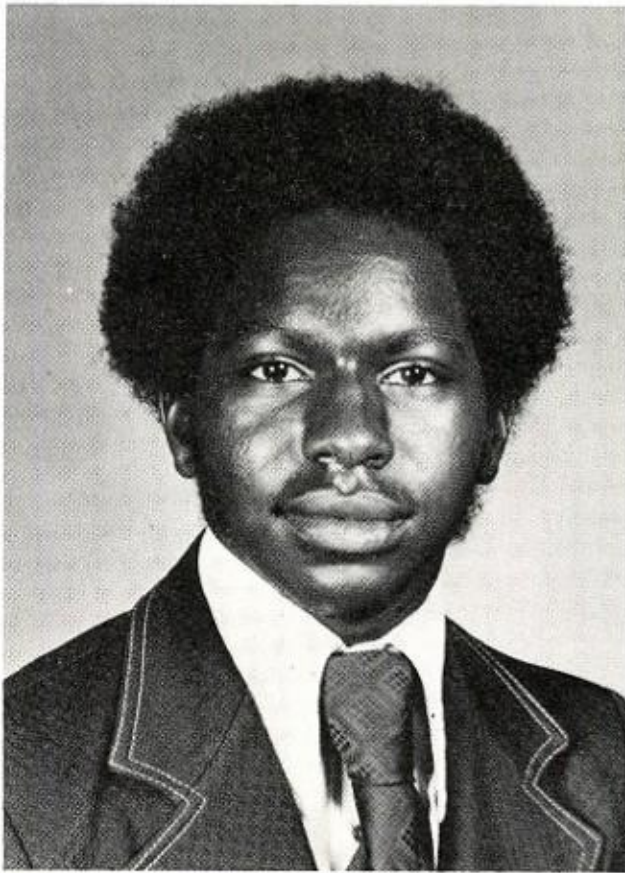

I hope this annual means as much to you as it does to me. I think only a few people realize just how much work is involved in the making of an annual. Good luck to each of you in all you attempt to do.

Love,
Maureen

DARIEN, Ga. — Lt. Gov. Lester Maddox will be on hand Tuesday to deliver a dedicatory address for a freedom shrine to be presented by the Brunswick Exchange Club to McIntosh County Academy.

The shrine, scheduled to be formally dedicated at 1:30 p.m. at McIntosh County Academy, will feature 28 authentic reproductions of historically famous American documents spanning the 325 years from the Mayflower contact to the World War II instrument of surrender in the Pacific.

Presentation on behalf of the Exchange Club will be by Rudolph Beggs, president of the club. McIntosh County Academy Principal Ralph Huff will accept the unique exhibit.

Beggs pointed out that, "The freedom shrine is exclusively an Exchange Club project, and an important part of the over-all American citizenship program of Exchange."

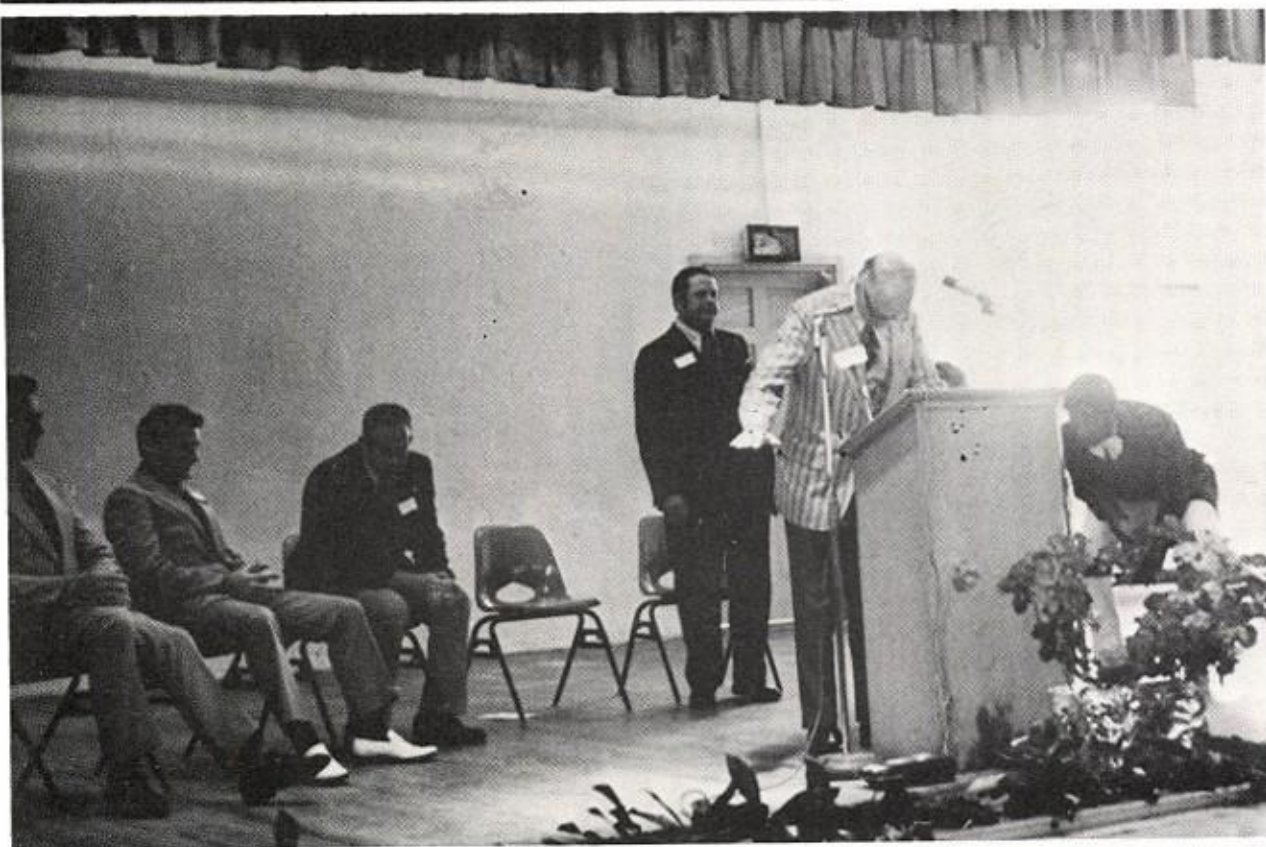

The documents, Beggs said, vividly illustrate America's previous heritage of freedom and serve as a reminder that it must be protected and revitalized in ev-

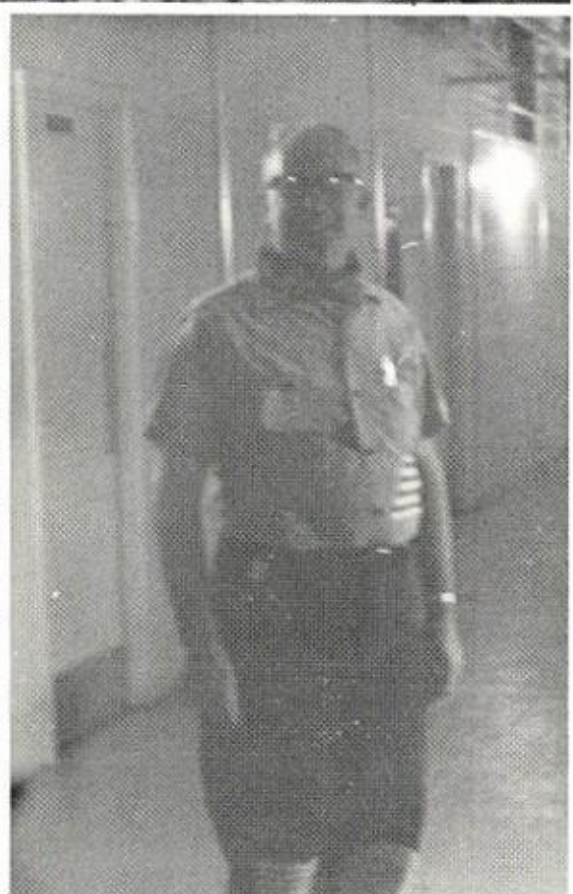

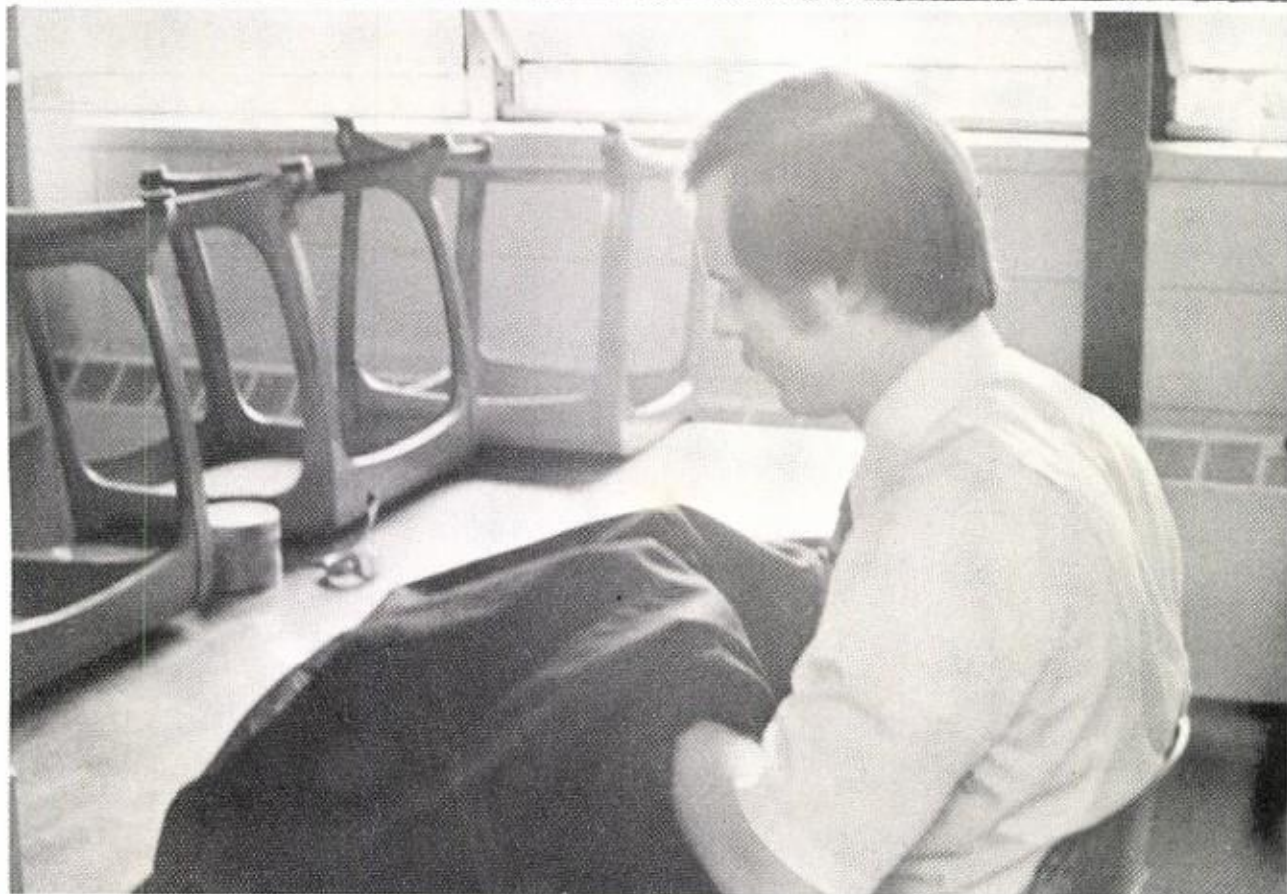

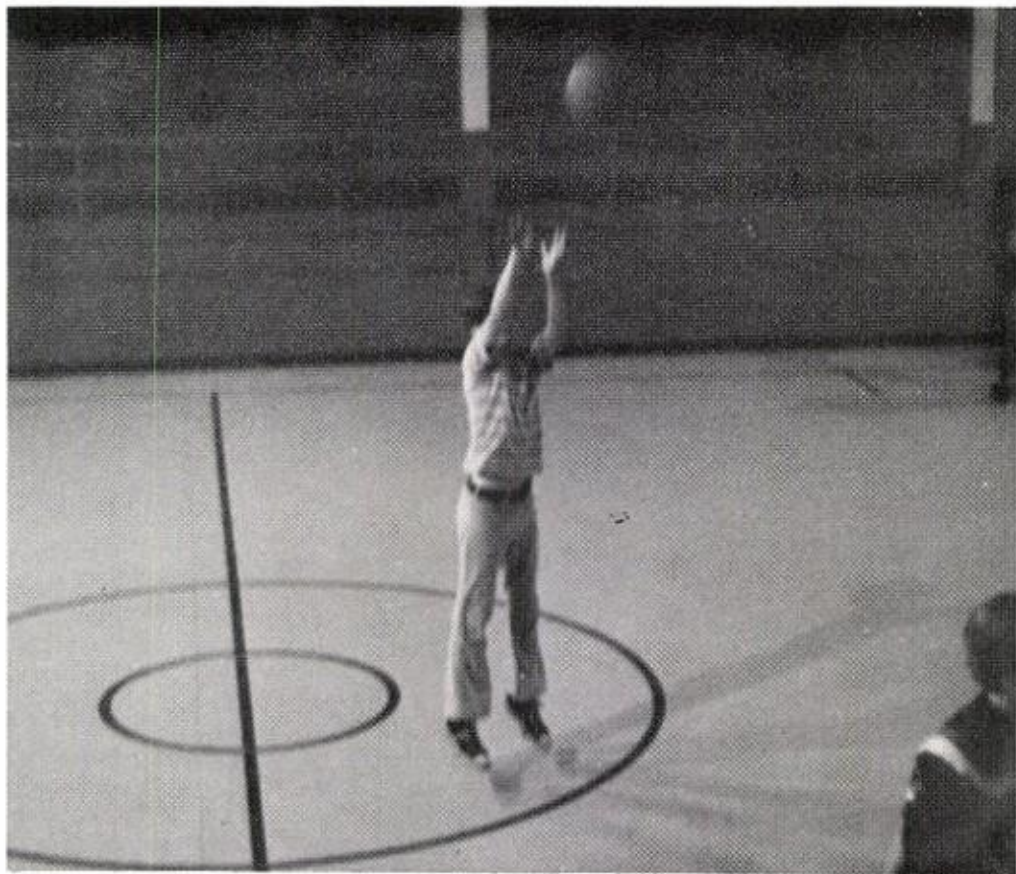

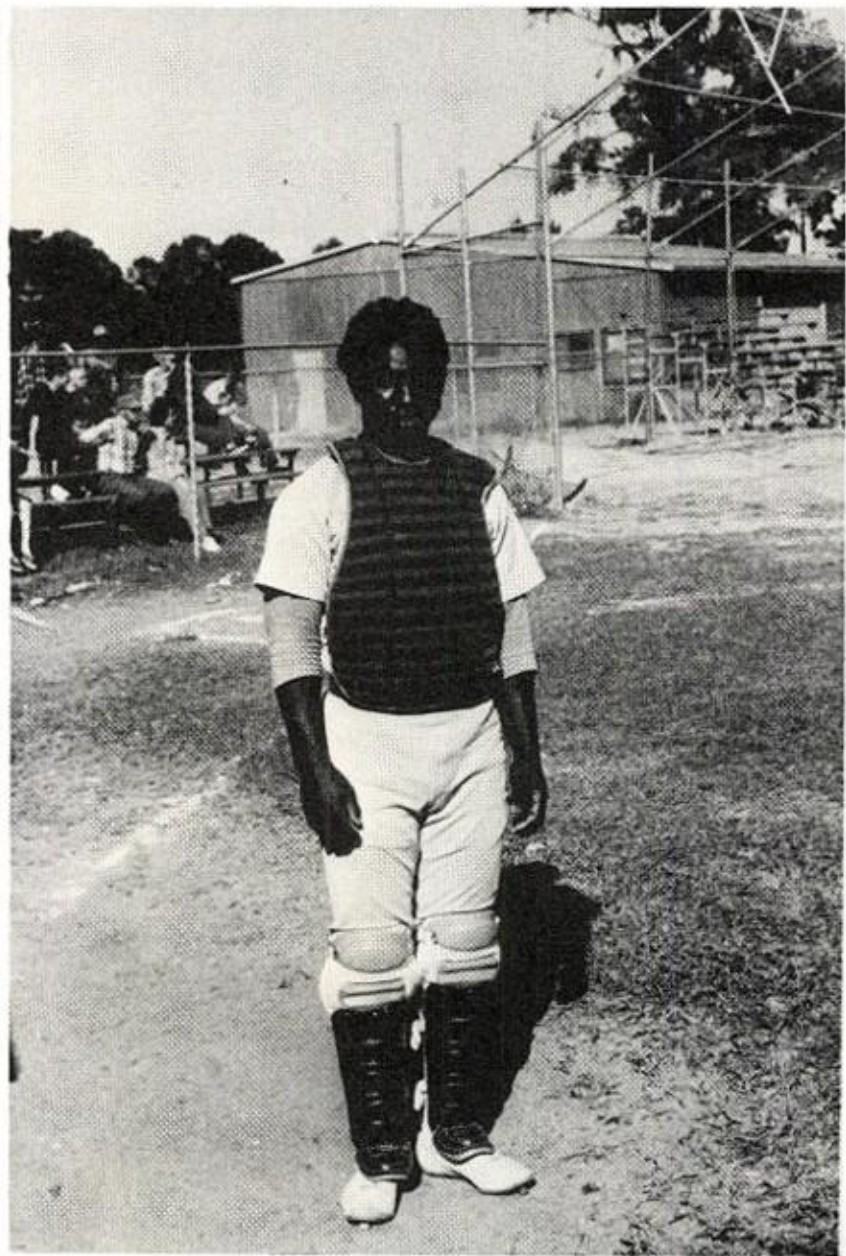

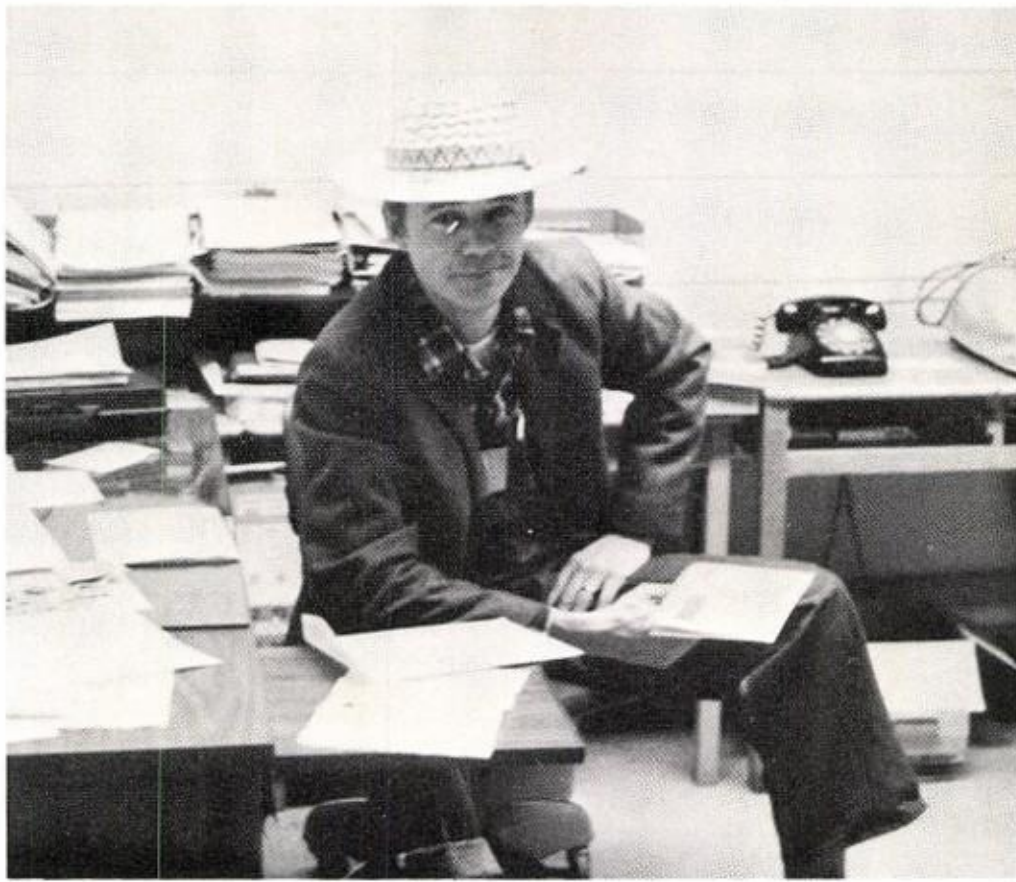

ery generation.

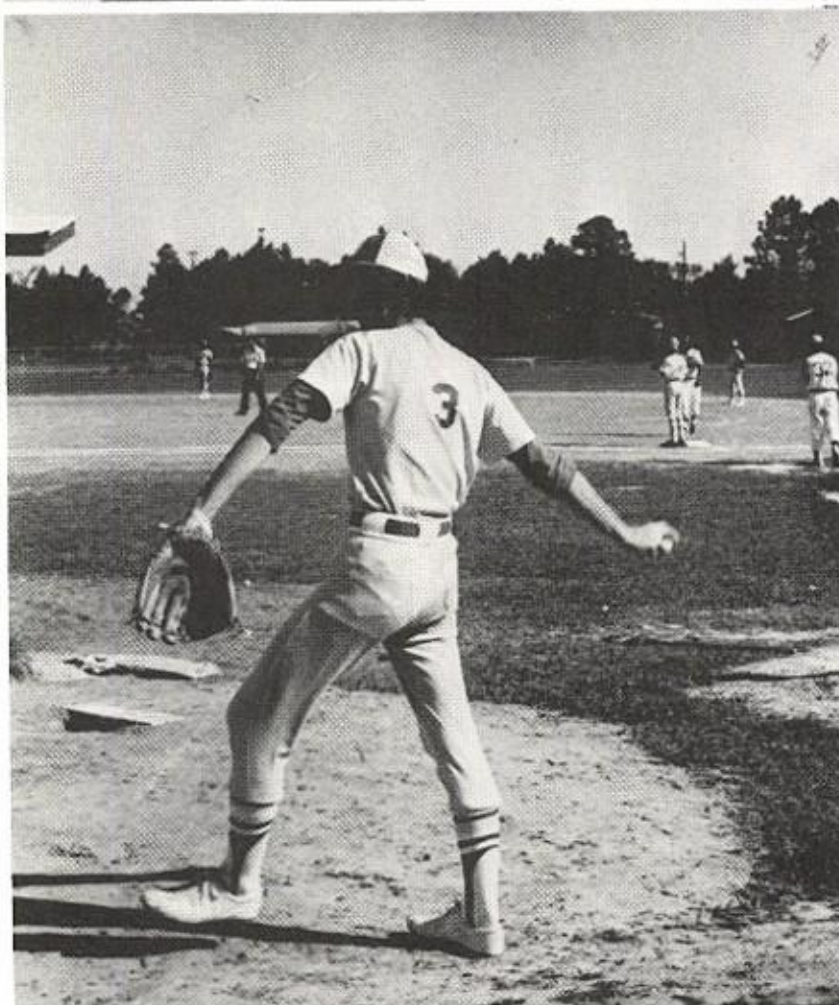

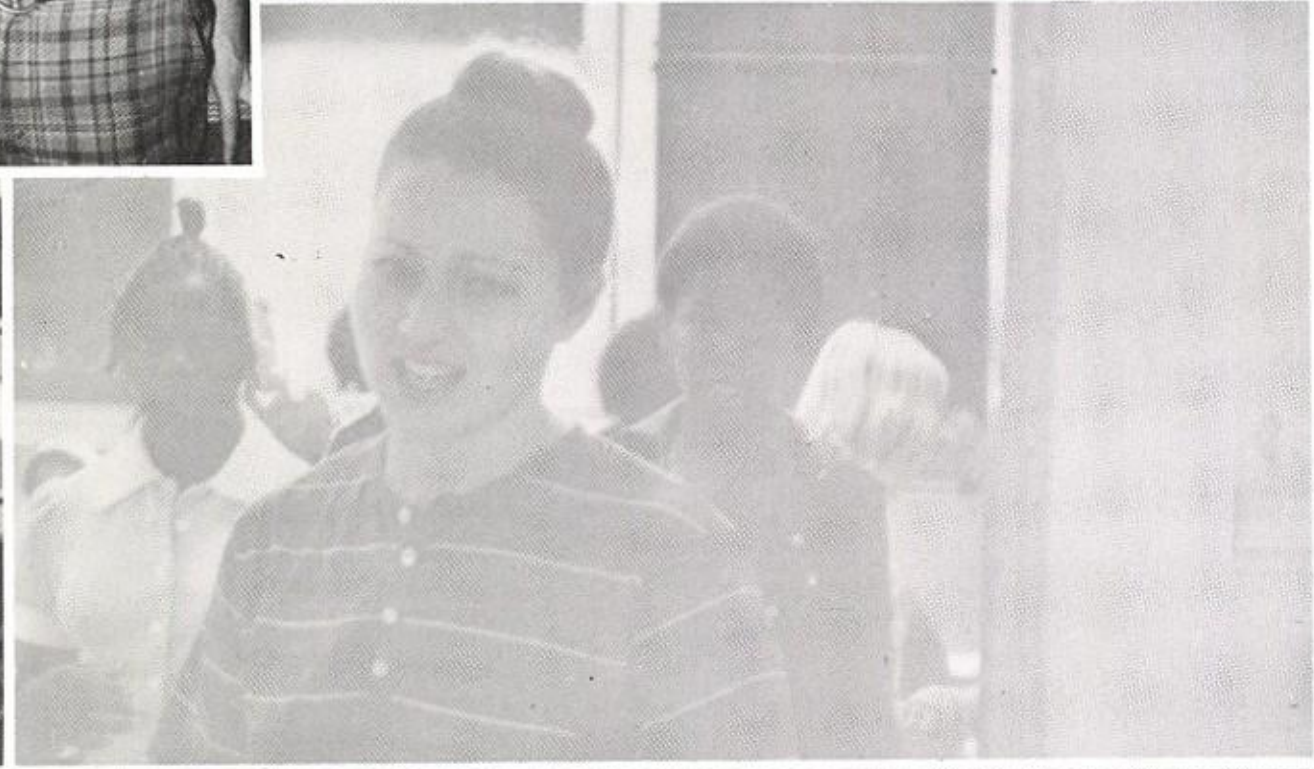

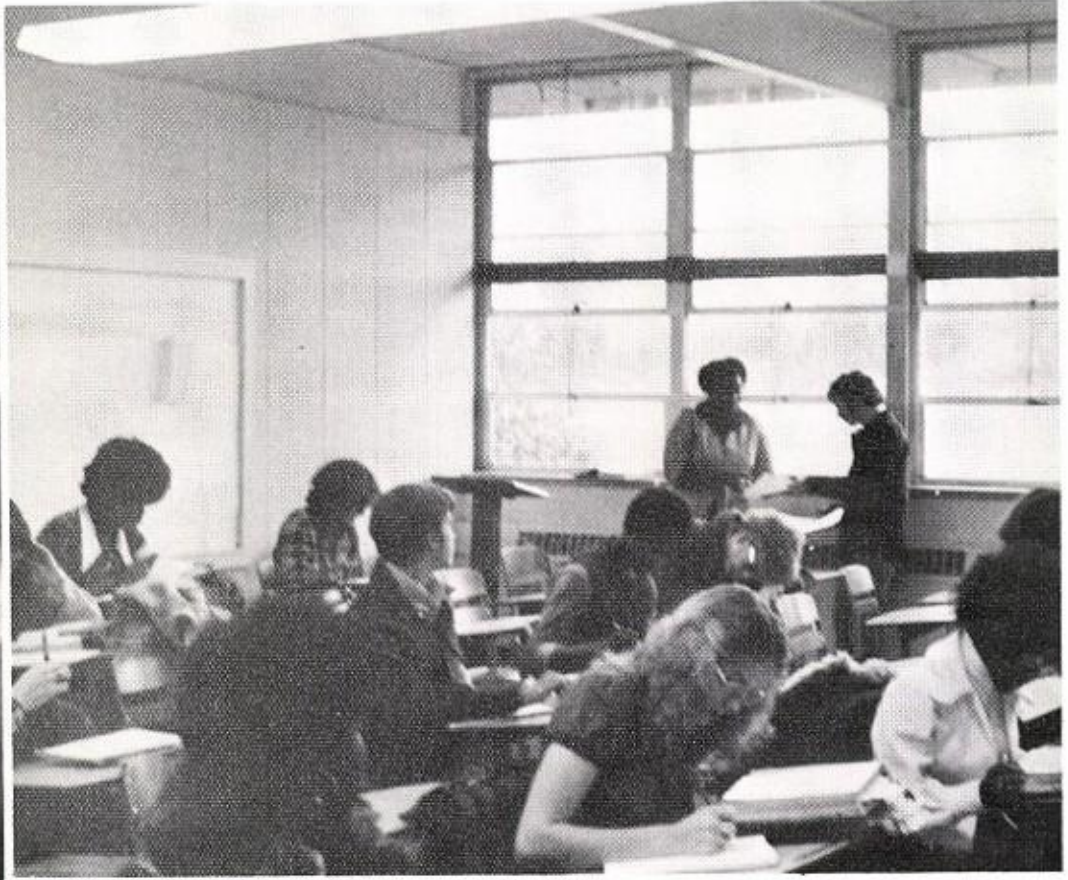

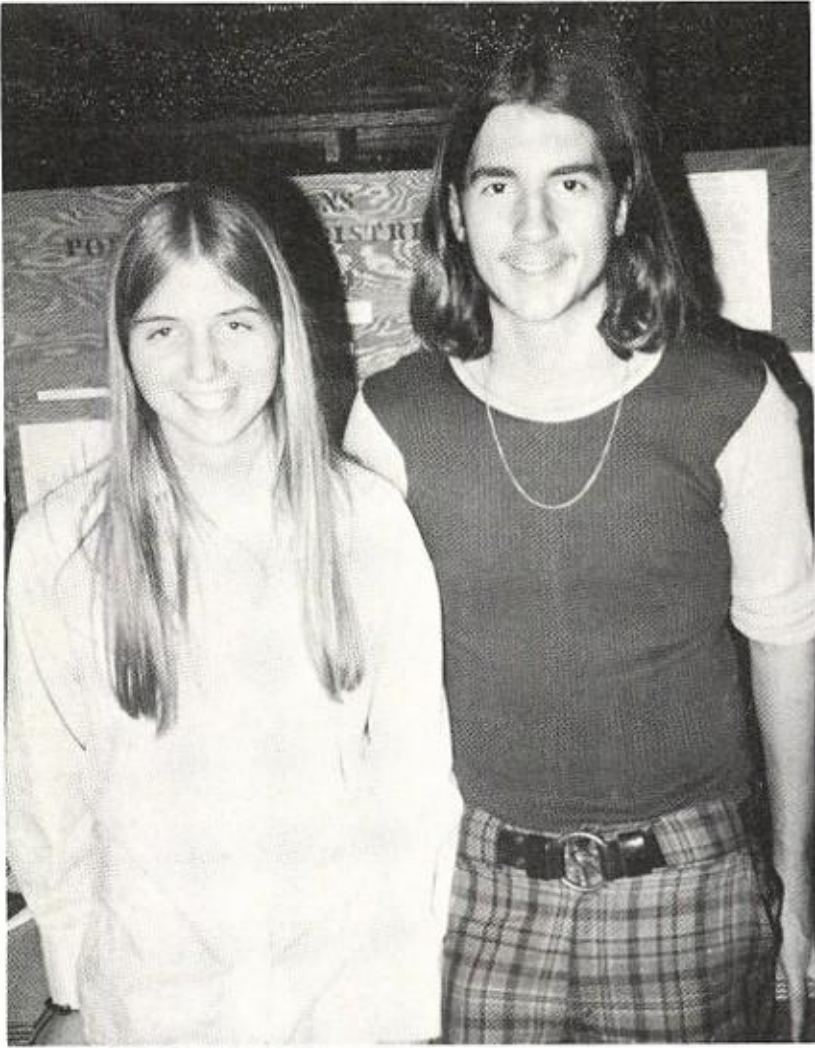

"The freedom shrine, the Exchange president said, "is the Exchange Club's positive rebuttal of all ideologies which would pervert or destroy our American way of life."

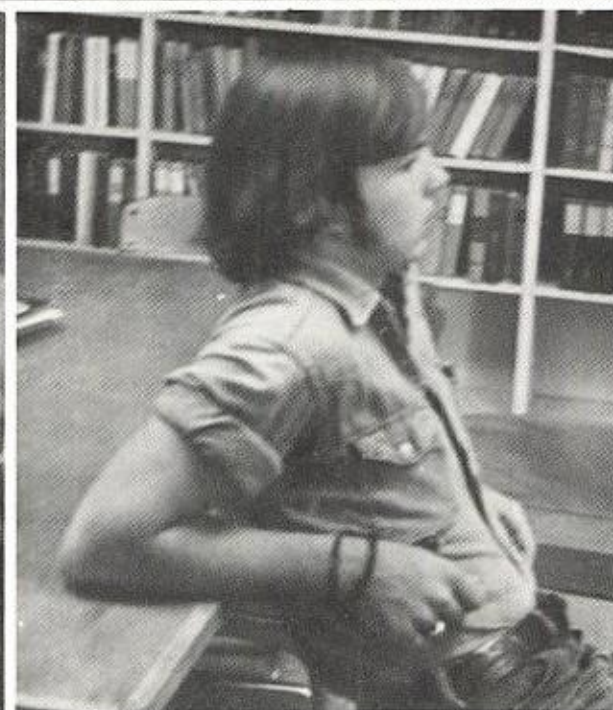

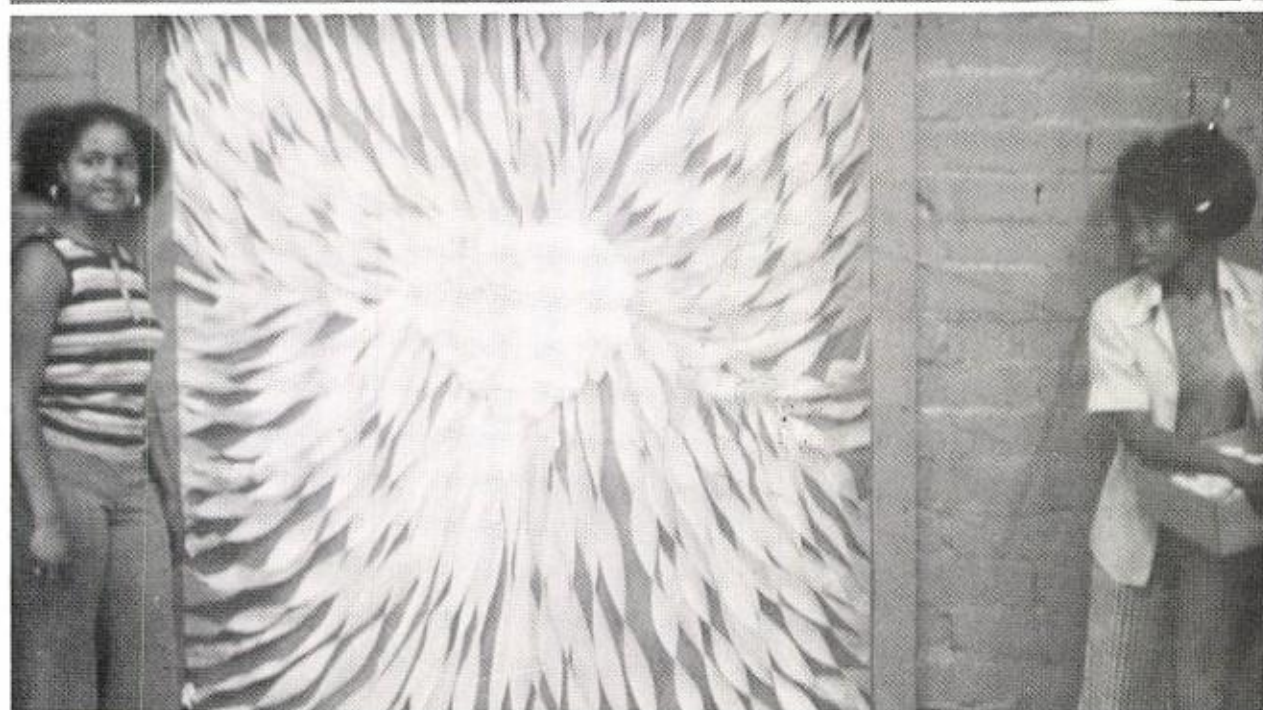

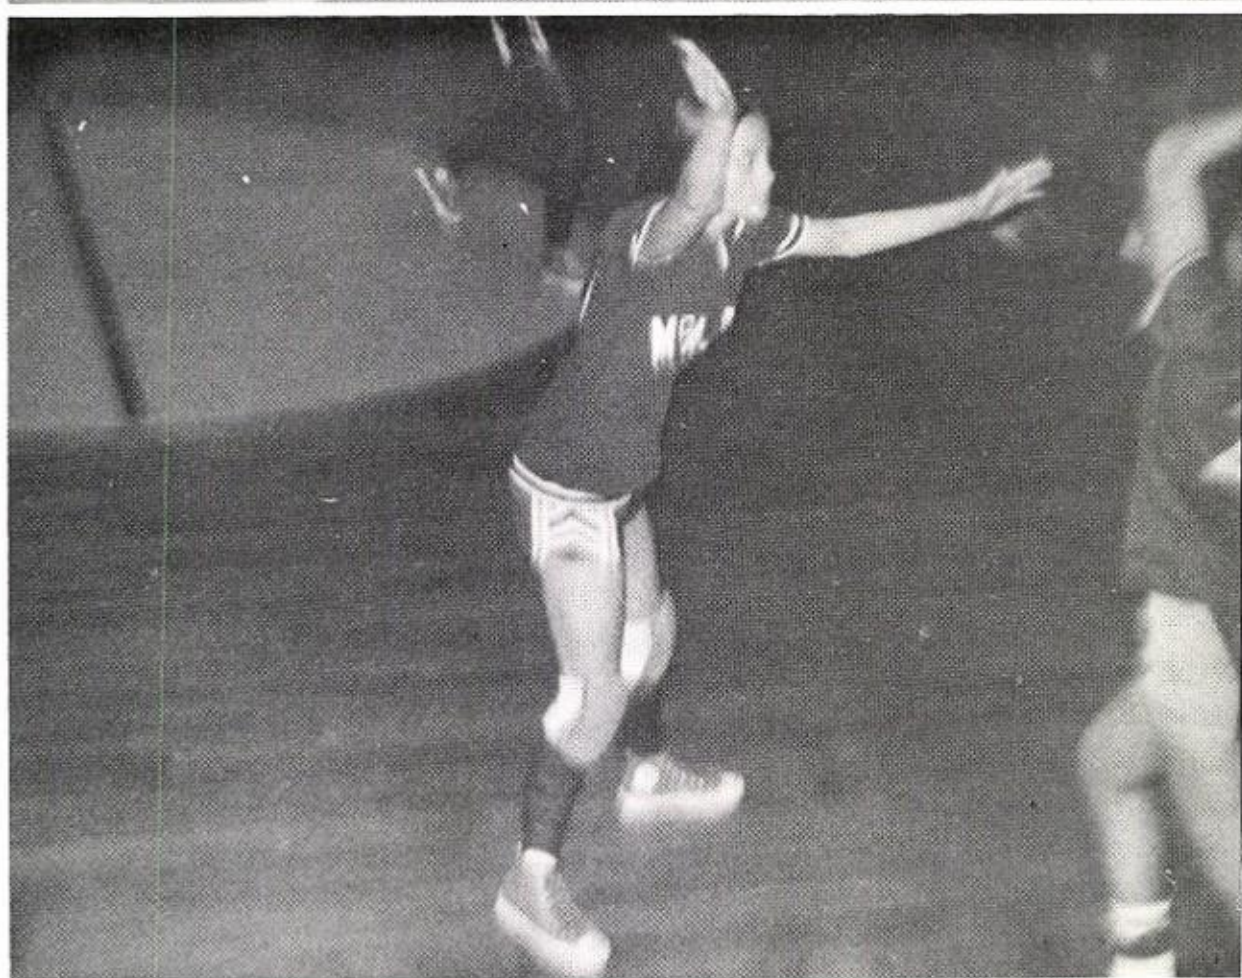

Beggs noted that all of the historical papers in the freedom shrine collection are exact photographic reproductions of priceless originals.

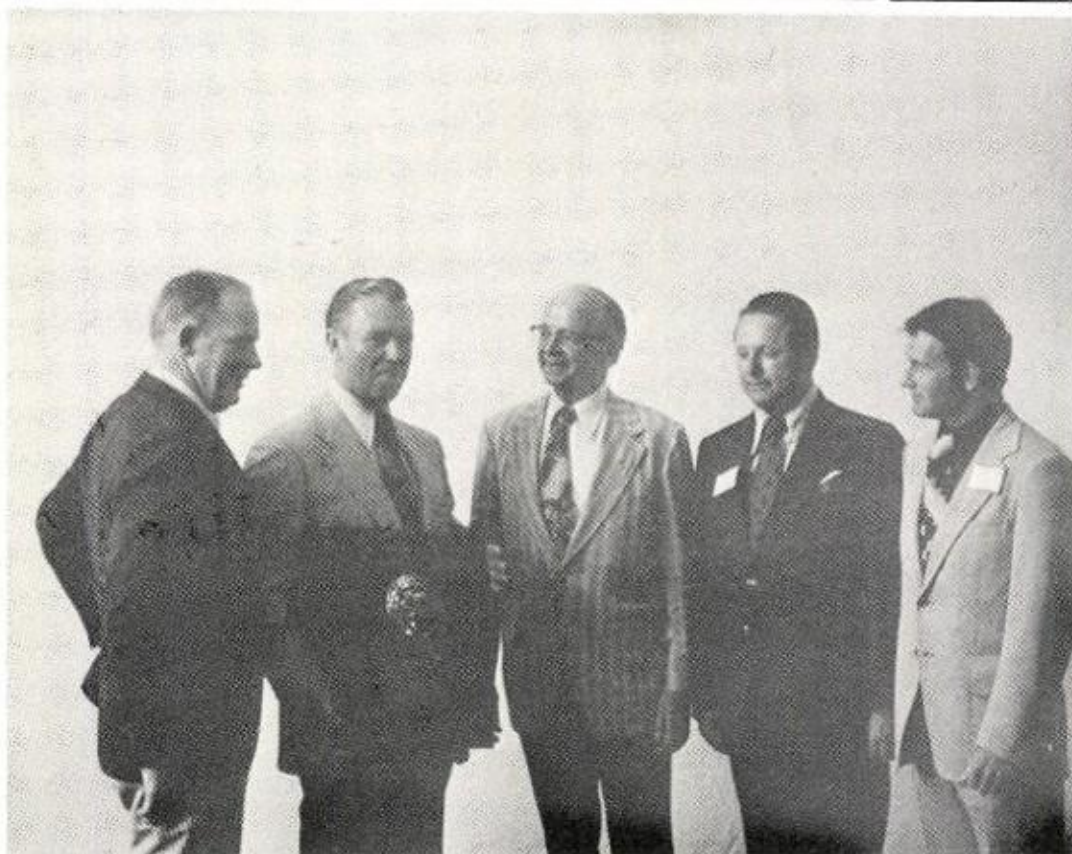

Each document is permanently mounted on an individual wood grain plaque to prevent deterioration and damage by plastic lamination.
